Addendum to Accompany Registration Form

Opening our doors during a pandemic was challenging and required countless new protocols, supplies, and meant a decrease in student enrollment. We accepted this while leaning into our mission of service to the Durham community and for the love of our students and the knowledge that we could offer them a safe, learning environment.

The significant loss to our budget will take years to replenish, and we will work together to be good stewards of our finances. In effort to rebuild our operating budget and savings, we need your help. The best way to help is to spread the word. Share your positive experiences at WSYC with your friends and help us fill our classrooms. Secondly, if you are able, please consider donating a little extra each month with your tuition payments. If you are willing to contribute by adding a monetary amount to your tuition each month or are willing to round up your payments, please fill out the form below.

The WSYC community is one of great generosity, and we appreciate all you do to support our school.

Sincerely,
The WYSC Advisory Board Finance Committee
